

2018 BEST PRACTICES AWARD

INDIAN SMART LED LIGHTING ENTREPRENEURIAL COMPANY OF THE YEAR AWARD

# SVAROCHI

## LIGHTING

making spaces beautiful

INDIA'S FIRST COMPANY FOCUSED ON  
APP OPERATED SMART LIGHTING

*Our products and App are designed ,developed, manufactured in India*

# What's new in Version 3.0

1. Significant enhancements in the number of lights that a single Device/ Account can handle. You can now create upto 100 Projects, each having upto 15 rooms with each room having upto 100 lights
2. App supports the newly launched **Colour and Daylight <sup>Plus</sup> lights** (which give you 16 million colours plus white tuning over a wide range, and other features)
3. New Registration and Project transfer protocol.
  - ▶ All users need to register individual user account with Svarochi by clicking Create New Account (including those registered as users logging in with someone else's account). The user setting up the network becomes the Admin. They can invite other registered users by inviting them as Admin or Guest. You can transfer full project or partial project. You can be both, a Master and User for different Svarochi light projects. You can also do full or partial project transfer to another user
4. Supports new feature like creating new dynamic scenes, music integration , 24 hrs scheduling. Note that many features are compatible with Color and Daylight Plus products only
5. Autosaves cache data when exiting App. Data connectivity is required while changing projects/ profiles or creating projects
