

CONDITIONS OF WARRANTY

All lighting products branded **Svarochi** carry a warranty of 1 year from the date of purchase of products, when used in applications as recommended for use and on balanced power supply at its rated voltage and frequency. The warranty covers non-functioning of the product arising out of manufacturing or workmanship defects.

The warranty does not cover following aspects;

1. Failures arising from usage outside the rated electrical parameters, usage in a non-balanced power supply, and mishandling.
2. Software, network connectivity and/or compatibility issues with mobile phone handset, or malfunctioning of products due to wrong application, installation abuse.
3. Non-Svarochi branded driver which the dealer may have supplied along with our light fitting.
4. Svarochi Branded Drivers with Non Svarochi Light Engine product(s) sold by the market. Svarochi takes warranty for complete product supplied in its range
5. LED Strips beyond 5 meters connected and/or soldered wrongly to extend the length, with Compatible rated Controller.

Svarochi will undertake either replacement of the defective product/ component (housing, driver or controller), or repair (at its discretion) in the said period of 1 year, on production of original invoice. The replacement will be made by on return of the defective component by the user to the company's registered office at New Delhi.
